Your Passion is Our Heritage

Lowe Boats' commitment to excellence is 46 years strong

At Lowe, we have been dedicated to getting things right since the very beginning, way back in 1971. For nearly five decades, our expert designers, engineers and craftsmen have worked to produce boats of superior quality, boats that rise to any challenge thrown your way. Whether it's darting across a quiet lake before dawn to get where the fish are biting, navigating the remote shallows to reach a perfect duck-hunting spot, or cheering for your kids as they learn to wakeboard, your passions are important to us. In fact they make up the very fabric of our 46-year heritage.

Lowe boats offer incredible versatility, easy operation and lasting durability. They are built to exacting standards and finished with style and comfort in mind.

Our fish boats deliver professional-grade performance for every outing, with the right mix of features and options to ensure you're armed for the task. Our rugged Jon boats withstand the roughest use, with smart, spacious layouts to accommodate your needs. And our pontoons feature plush seating, ample storage and premium amenities, setting you up to enjoy all-day fun and relaxation that can be shared across generations. Our commitment to you is that we'll never cut corners, never scrimp on quality, and insist, always, on delivering the utmost value.

At Lowe, we understand the call of nature, the lure of the water. We want you to get out there and enjoy it to the fullest. It's been our driving passion all along.

Manufactured for Quality

Crafted with care in the heart of America

Every Lowe fish boat and pontoon begins its journey in Lebanon, Missouri, at our cutting-edge production facility. It's here that expert local craftsmen apply their decades of experience to state-of-the-art modern techniques. In recent years, significant investments in new CAD engineering systems, training programs and manufacturing equipment have raised the bar for capability, accuracy and efficiency. It's how we continue to innovate, growing our lineup to include more than 100 models, all while maintaining the unsurpassed value and durability on which the Lowe reputation was built. It's our combination of quality construction and passion for innovation that make Lowe the best on the water.

THE FOAM FACTOR

Lowe injects every fish boat hull with a special marine-grade, polyurethane closed-cell foam formulated for strength, insulation and efficiency. It is more dense than common foams, making it stronger and more water resistant. Our pressurized injection process fills the hardest to reach cavities, strengthening the overall hull structure and contributing to a noticeably smoother, quieter ride.

Lowe Owner's Club

Passionate boaters sharing the love

Membership has its privileges with the Lowe Boats Owner's Club. Get exclusive access to exciting Lowe events and information including the latest news, coming models, tips from the pros and more. All you need is your hull identification number to sign up—membership is free for Lowe owners. Join the fun at owners.loweboats.com.

Coverage for the Long Haul

Lowe Lifetime Limited Warranty

With utmost confidence in our construction standards—bolstered by the hard-earned admiration of our industry peers—we back every Lowe model that leaves our production facility with a Lifetime Limited Warranty. So you're covered for the long haul, the big haul, and everything in between.

The Customers Have Spoken

Over the years, Lowe has received more Customer Satisfaction Index (CSI) Awards from the National Marine Manufacturers Association than any other aluminum boat manufacturer. The CSI Award is the most respected measure of customer satisfaction in the industry: Lowe takes its 26 wins seriously, and with gratitude to the many customers who make up the proud Lowe family.

Lowe Pro Staff

Lowe is proud to be a national sponsor of professional anglers that compete at the highest level. Built around unique and rich personalities, the Lowe Pro Staff is friendly, engaging and welcomes all to experience the joy of spending time on the water. Follow the Pro Staff on social media, see them at boat show seminars, tournaments, and other fishing events around the country. Visit loweboats.com/lowe-pro-staff to check out their profiles and see how they're using their Lowe fishing boats to achieve fishing success.

MOD-V

Lowe® Mod-V's are versatile bass and multi-species boats that do it all, without breaking the bank. Between the high-performance, catch-it-all Stingers, the bass-fighting Skorpions, the versatile Bay and Catfish models, and the big-value, big-results Strykers, Lowe has the water covered. Updates for 2017 further maximize style, performance and ease of use.
