LOWE
BOATS

the lowe down

The question isn't why should you buy a Lowe, it's why would you buy anything else? Leading the way since 1971, Lowe remains America's go-to aluminum boat brand. Lowe boats are built like no other with high-strength welded hulls, tournament-ready fishing features, and your choice of reliable Mercury® power. Lowe boats have been designed and built by generations of craftsmen and women in the very heart of the Ozarks. Built by people who live and breathe fishing—who build with skill and with pride. At Lowe Boats, that's just what we do.

LOWE PROS

Lowe is proud to be a national sponsor of professional anglers that compete at the highest level with passion and respect for the sport and the environment. Follow them on social media, at tournaments, and boat show events. See their profiles and follow their progress on social media.

WARRANTY

With utmost confidence in our construction standards—bolstered by the hard-earned admiration of our industry peers—we back every Lowe model that leaves our production floor with an industry-leading Lifetime Limited Warranty.

FOAM

Our marine-grade closed cell foam is formulated for strength, safety, sound reduction, and efficiency. It is more dense than common foams, making it more durable and buoyant. Our pressurized injection process fills the hardest to reach cavities, strengthening the overall hull structure for a safer, quieter ride.

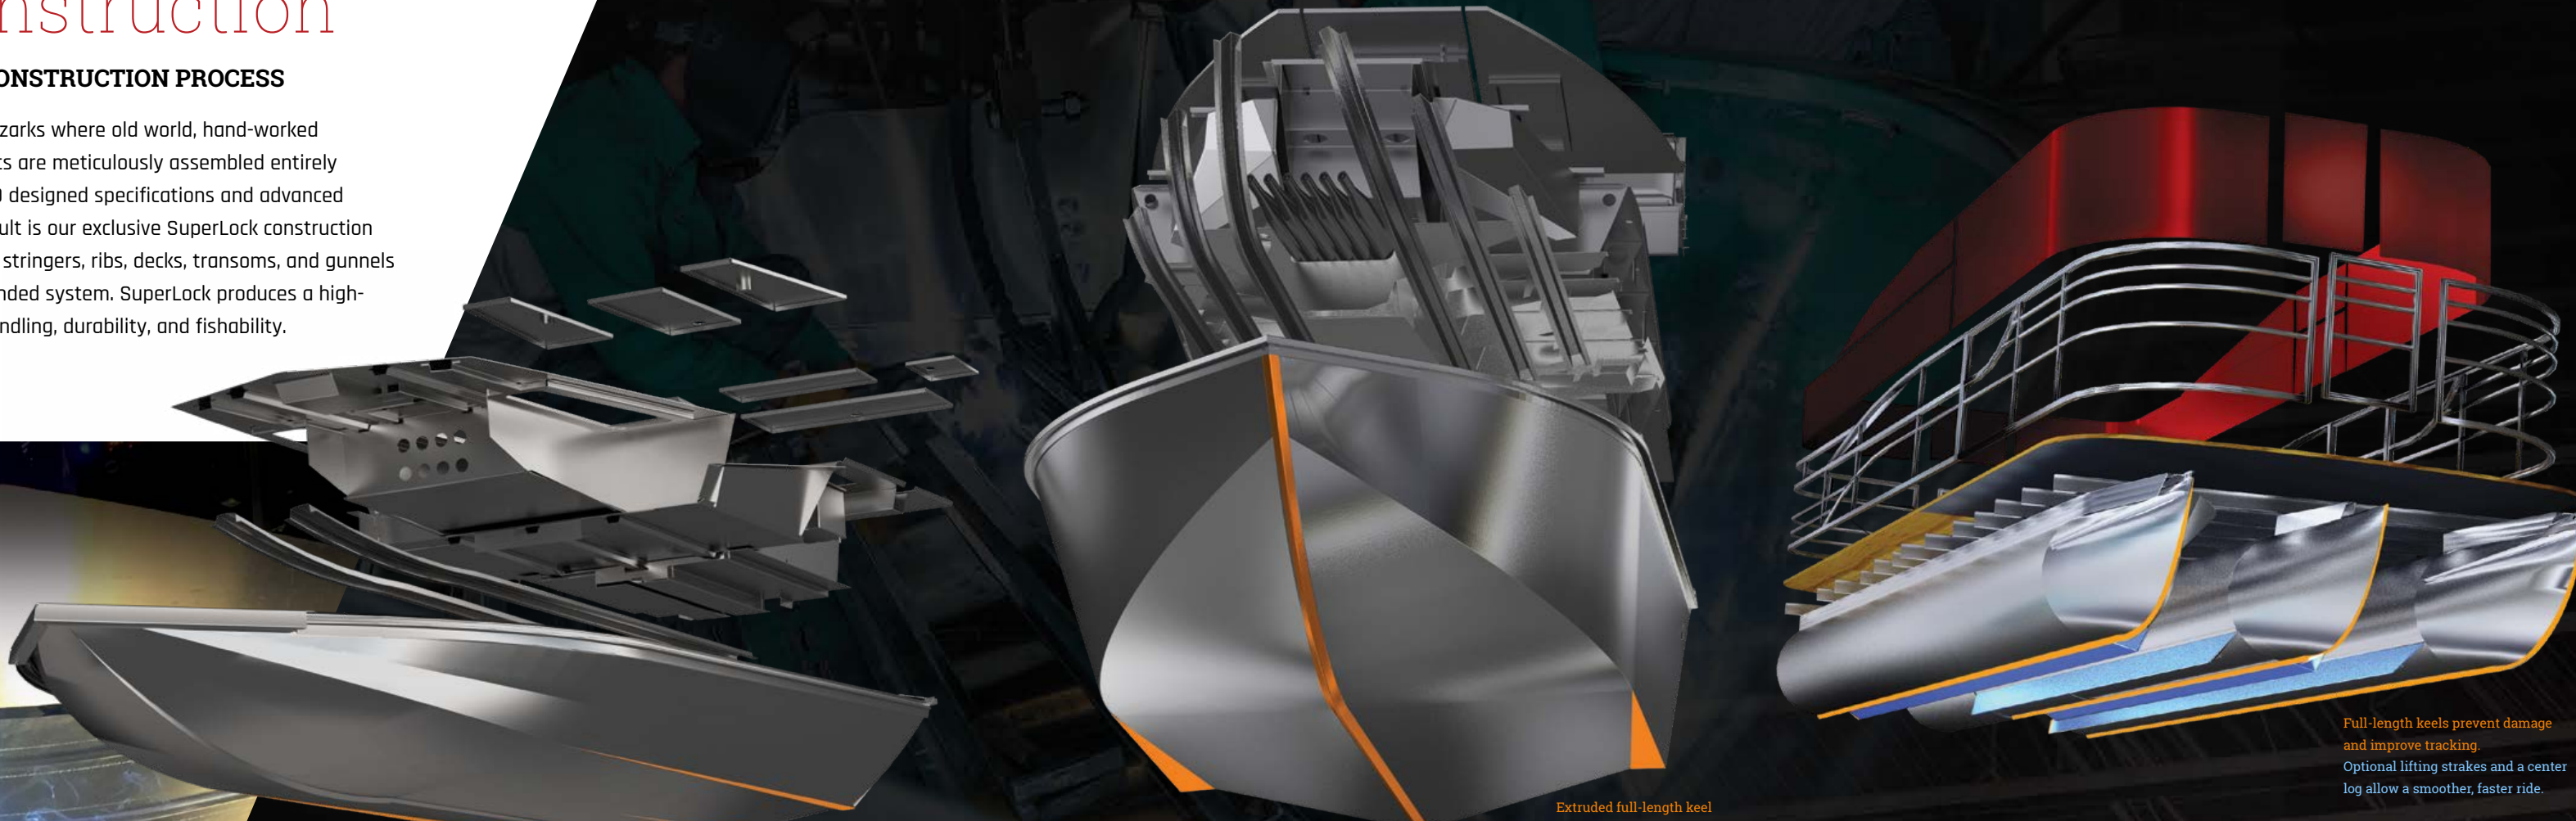

OWNERS CLUB

Membership has its privileges with Lowe Boats' members-only Owners Club. Get exclusive access to exciting Lowe Boats' events and information including the latest news, products, tips from the pros, and more. It's all here waiting for you and it's free. Join a family that lives for boating!

quality construction

ADVANCED SUPERLOCK™ CONSTRUCTION PROCESS

Lowe is located in the heart of the Ozarks where old world, hand-worked craftsmanship is renowned. Our boats are meticulously assembled entirely by hand using strictly-controlled CAD designed specifications and advanced manufacturing technologies. The result is our exclusive SuperLock construction which ensures that hulls, bulkheads, stringers, ribs, decks, transoms, and gunnels are all 'locked together' in a truly bonded system. SuperLock produces a high-performance unit that maximizes handling, durability, and fishability.

mod-v

Our proprietary all-welded, ultra-wide mod-v hull is performance focused; built to ride high and stable, with spray rails to reduce spray, generating a clean wake with an explosive, stable hole shot.

ProTrac reverse chine design increases lift and stability, while spray rails reduce splash.

deep-v

Lowe deep-v hulls are stress tested over thousands of hours with maximum horse-power resulting in incredibly efficient power distribution, stability, and some of the most reliable transoms made. The extruded full-length welded keel, combined with reverse chines provides extreme bite and stability.

Extruded full-length keel combined with reverse chines provide extreme bite and stability.

pontoon

Lowe pontoons are built to stringent performance and cruising standards using full-length keels and heavy-duty, edge to-edge crossmembers. Multiple sealed, fail-safe, air-tight chambers in our standard pontoon logs mean that you'll be riding high with some of the most reliable flotation available. These details translate into significant strength and durability gains and mean less drift on the water.

Full-length keels prevent damage and improve tracking. Optional lifting strakes and a center log allow a smoother, faster ride.

WELCOME TO LOWE COUNTRY

What is Lowe Country? It's not a field or a lake or a place on a map. Lowe country is an attitude. It's where your roots are. Where you raise your family. It's being on the water from dusk to dawn doing what you love. Fishing. Hunting. Playing. Competing. It's that place you know will always be there for you. Just like your Lowe. Welcome to Lowe Country.

mod-v

Lowe mod-vs are versatile bass and multi-species boats that do it all without breaking the bank. Between the high-performance, catch-it-all Stingers, the bass-fighting Skorpions, the versatile Bay and Catfish models and the big-value, big-results Strykers, Lowe has the water covered. Updates for 2019 further maximize style, performance, and ease of use.

WELCOME TO LOWE COUNTRY

Lowe Country is that place you dream about all day 'til quitting time. You won't find it on any map and that's just fine because Lowe Country is where you go to get away from it all. It's your own personal retreat. It's that special fishing hole you keep to yourself. Lowe Country is where you drop anchor. It's where you sit and visit with friends. It's where you get together with family. It's cannonballs off the deck. It's catching rays, catching waves, catching fish, and catching up. There is no place like it on earth and it's everywhere you go in your Lowe Boat. It's easy to get to, but it's tough to leave behind. Welcome to Lowe Country.
